

# EQUIPMENT SERVICES

Construction equipment challenges need construction experts. AMECO has a solution for that.

At AMECO, we know construction. With decades of experience in the construction industry, our team of experts has developed a unique solution – customized equipment plans for every construction project, without hidden costs. No matter what type of equipment you need, we work with manufacturers to provide it on time – anywhere in the world.

# Custom solutions for all your equipment needs, crafted by the construction experts at AMECO

## WHAT WE DO FOR YOU

### Fixed cost means knowing costs up-front

Whether you need staffing, administration, freight, mobilization, logistics, tracking, consumables, or any combination of services, we can handle it. AMECO can tailor a solution for you that provides total true cost up-front fixed rates throughout the life of the project, eliminating any unpleasant surprises.

### Limitless equipment possibilities

With more than 400 preferred suppliers, we can provide any equipment you need – no matter what – to get the job done.

### Expertise like no other

AMECO means experience. From expert site managers to experience in procuring the right tools and equipment – it all translates to savings for customers.

### Single-source equipment management

Let AMECO be your onsite equipment manager. Whether it is AMECO-owned, client-owned, or contract-owned, we have the technology and expertise to manage large fleets of equipment. Our real-time telematics and Systematic Tracking and Reporting (STAR) provide complete visibility into all onsite equipment in one place, identifying underutilized equipment and driving down costs.

### Innovation in the field

We proactively seek out innovation in the field by constantly doing our homework, so the latest in equipment technology is always available for you.

### Support for local communities

We strive to boost economies wherever we go, including purchasing from local suppliers and providing jobs and training for members of local communities.

### A safety-first culture

We constantly monitor recalls to identify and remove unfit equipment. It is all part of our commitment to keep your workers safe and your project productive.

### About AMECO

AMECO is a global leader in integrated mobile equipment and tool solutions. We provide a wide range of services to the construction, mining, government, and industrial markets around the world. We accomplish this by bringing top-tier people, practices, and assets together to reduce your total costs and provide you with the best customer experience possible.
