BATTERIES

DURACELL®

CopperTop Alkaline Batteries

Features:

- For use in small, low-drain household electronic devices like remote controls.
- Designed and developed for long lasting quality performance.
- Available in AA, AAA, C, D, and 9 V sizes.

Voltage: 1.5 V

SKU	Batt. Size
243-MN2400BKD	AAA
243-MN1500DBK	AA

Procell® Batteries

Features:

- AA, AAA, C and D batteries are guaranteed for 7 years in storage, 9V batteries are guaranteed for 5 years in storage.
- Recommended for scheduled battery replacement programs.
- Economically packaged in bulk and individually date-coded for effective inventory management.

SKU	Batt. Size	Voltage	Quantity
243-PC2400BKD	AAA	1.5 V	24 Batteries Per Pack

620-ALAA-24PPJ	AA	24 Batteries Per Box

Ultra Pro™ Alkaline Batteries

Features:

- These powerful cells make excellent power sources for a wide variety of household devices including smoke alarms, security systems, radios, and much more.
- The batteries come with a lengthy 5 year shelf life so you can keep them stored around the house or at your workplace for when you need them most.
- Mercury-free.

Voltage: 1.5 V

Quantity: 8 Batteries Per Pack

SKU	Batt. Size
620-ALAAA-8J	AAA
620-ALAA-8J	AA

Ultra Pro™ C Batteries

Features:

- General purpose batteries to power flashlights, toys, and a wide variety of other electronics.
- Mercury-free cells perform well under prolonged use and high-drain demands.
- Resealable container keeps them organized and protects them from short-circuiting and other potential damage.

Voltage: 1.5 V

CABLE PROTECTORS

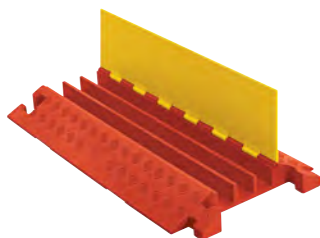

Linebacker® Cable Protectors

Features:

- All-weather polyurethane construction.
- Patented T-connectors to extend to any length and 5-bar tread surface provides maximum traction.
- Reinforced hinged lid for easy cable placement.
- Easy to transport, setup, disassemble, and store.
- Reinforced hinged lid for easy cable placement.
- High-visibility yellow hinged lids and orange bases.
- Choose from popular heavy-duty models, general purpose models, models for lines up to 3.25 inch outer diameter (OD), and accessories.
- General manufacturing 4-channel option, 3 inch maximum OD cables/hoses, load capacities of 20,200 pounds/axle or 10,100 pounds/tire at 70° F.
- General purpose 5-channel option, 1.3 inch maximum OD cables/hoses, load capacities of 21,000 pounds/axle or 10,500 pounds/tire at 70° F.
- Heavy-duty 4-channel and 5-channel option, 1.35 inch maximum OD cables/hoses, load capacities of 40,300 pounds/axle or 20,150 pounds/tire at 70° F.
- Heavy-duty 3-channel option, 2.25 inch maximum OD cables/hoses, load capacities of 28,420 pounds/axle or 14,210 pounds/tire at 70° F.
- Heavy-duty 2-channel option, 3.25 inch maximum OD cables/hoses, load capacities of 21,760 pounds/axle or 10,880 pounds/tire at 70° F.

V90 Shields with Monogoggle™ XTR OTG Goggles

Features:

- The shield features the Monogoggle™ XTR OTG goggles, so there is no need to wear primary eye protection, like with other face shields.
- It's like having two products in one, since the face shield mask detaches from the splash goggles.
- Provides eye and full face protection from liquids and particles without the hassle of primary eye protection underneath a face shield mask.
- The shield has a D3 rating for droplet and splash protection.
- The goggles portion has a soft, pliable frame that conforms to the face for comfort, a cylindrical lens for increased visibility, indirect ventilation, and fit over most prescription glasses.
- The face shield mask is curved to conform to the shape of face for added protection and includes an adjustable strap.
- Polycarbonate lenses provide 99.9% UVA/UVB/UVC protection.
- Replacement goggle lenses available (30707, 30708).

3M™ Protecta® Construction Style Positioning Harness 1161309

Features:

- Fixed D-ring reduces the need for readjustment throughout the workday.
- Moisture-wicking, breathable padding with soft edging for added comfort.
- Foam hip pad with mesh provides extra comfort and breathability.
- Durable and sturdy belt for tool bag-carrying convenience.
- Auto-resetting lanyard keepers for fast and easy parking of snap hooks and carabiners.
- Impact indicators make it easy to inspect the harness for prior damaging impact loads.
- Protected labels for long-term identification and inspection.
- Back and side D-rings, tongue-buckle Leg connection, pass-through chest connection.
- Low-profile suspension trauma straps integrated between harness webbing.
- Comfort Style has back padding and Standard Style has shoulder padding.
- Comfort Style also has easy-link web adapter to enable fast and easy attachment of personal self-retracting lifelines and keeps the D-ring available for lanyards, overhead SRLs, or rescue devices.

Connection Type: Back and Side D-Rings; Pass-Through Chest Connection; Tongue-Buckle Leg Connection

Fastening Method: D-Rings; Leg Buckles

Style: Standard Construction Style Positioning Harness

Material: Zinc Plated Steel Buckles and D Rings

3M™ Protecta® Self-Retracting Lifeline with Carabiner 3100513

Features:

- Compact, lightweight and durable housing is extremely easy to use, relocate and is built to last.
- Unique housing allows for stacking of multiple SRLs on top of each other to reduce overall space needed during storage.
- Integrated handle makes transport, set-up, use and storage quick and easy.
- Abrasion resistant and extremely durable lifeline provides added field longevity.
- The retractable design provides freedom of movement, keeps the lifeline out of the worker's way and reduces dragging, snagging and trip falls.
- Swiveling self-locking snap hook with impact indicator automatically locks and closes for added safety, swivels to limit lifeline twisting for ease of use and provides visual indication of fall arrest.
- Speed sensing all-metal brake system stops a falling worker within inches, and provides smooth consistent operation allowing the user to maintain normal work pace and not be interrupted with constant lock ups.

Industrial Ice + Snow All Purpose Industrial-Grade Traction Aids

Features:

- Textured Diamond Knurling inner lining grips the footwear, keeping traction aids stable and in place.
- 8 (16/pair) replaceable, military-grade tungsten carbide Due North® Ice Diamond™ spikes provide comfort under the foot and improved traction.
- Spike patterns strategically placed at the heel and front of the sole, leaving the mid-sole area open for safe ladder use, no need to remove when climbing or descending ladders (mid-sole models excluded).
- Geometrically designed strap webbing and improved shape fit a greater variety of footwear.
- Molded-in retention strap attachment points, for use with optional retention strap (sold separately).
- Industrial-grade sole offers unparalleled grip, maximum durability, and superior operator safety.

Fastening Method: Slip-On

SKU	Size Group	Material

Industrial Ice + Snow All Purpose Traction Aids

Features:

- Pulse Grip tread design.
- Textured Diamond Knurling lining grips footwear and helps keep traction aids in place.
- 6 (12/pair) replaceable, military-grade Due North® Ice Diamond™ spikes provide more comfort under the foot and improved traction.
- Geometrically designed webbing and improved shape comfortably fit a greater variety of footwear.
- Special rubber compound maximizes durability while maintaining elasticity in subzero temperatures.
- Easy to take on and off, as well as easily adjustable.
- Compact design makes them easy to store in small places such as your coat pocket, handbag, briefcase, or the glove box in your vehicle.

Fastening Method: Slip-On

Industrial Ice + Snow Light Industrial Traction Aids

Features:

- Proprietary tread design for added slip resistance.
- 12 (6/pair) replaceable, military-grade tungsten carbide Due North® Ice Diamond™ spikes maximize traction and performance.
- Spike patterns have been strategically placed at the heel and front of the sole, leaving the mid-sole area open for safe ladder use — no need to remove when climbing or descending ladders (mid-soles models excluded).
- Exclusive specially formulated 100% natural rubber provides maximum flexibility and durability in extreme cold conditions.
- Improved toe-box design enhances fit and function.
- 360° spike pattern provides more push and lateral grip.
- Unique support hole on heel strap provides easy adjustment, allowing easy put-on and take-off characteristics.
- A low-cost solution for light duty, intermittent use work environments.
- Ideal for the worker who occasionally needs additional traction on ice and snow while performing outdoor duties.

Fastening Method: Slip-On

Qwik Grip Mid-Sole Traction Aids

Features:

- Options available for non-defined heel and defined heel footwear.
- Reflective hi-visibility, adjustable elastic strap for added safety.
- 4 (8/pair) tungsten carbide spikes help provide stable grip on icy walking surfaces.
- Natural rubber and saddle design provide comfort and maximum durability in extreme cold conditions.
- Easily rotates to side or top of foot when not in use, removing surface contact, and allowing the operator to avoid damaging sensitive surfaces.
- Ideal when transitioning from indoor-to-outdoor-to-indoor use as well as for drivers, delivery personnel and machine operators where use of a full coverage traction aid may interfere with driving capabilities.

Fastening Method: Adjustable Elastic Strap

Tyvek® 400 Shoe & Boot Covers

Features:

- Applications include: lead and asbestos abatement/remediation, general maintenance/operations, spray painting, general clean-up.
- Protection is built into the fabric itself, there are no films or laminates to abrade or wear away.
- Tyvek® fabric offers an inherent barrier to particles down to 1 micron in size.
- Tyvek® fabric's durability advantage over microporous film and SMS fabrics delivers consistently better barrier, even after wear and abrasion.
- Tyvek® garments are composed of flash spun high density polyethylene which creates a unique, nonwoven material available only from DuPont.
- Tyvek® provides an ideal balance of protection, durability and comfort of any limited use fabric technology.
- One size fits most.

Roughneck® P2 Hard Caps

Features:

- Fibre-Metal® Roughneck caps with the SuperEight suspension are the industry standard for heavy duty protection.
- Built for strength: toughness and durability, Roughneck cap style hard hats offer exceptional impact and crack resistance and surpass many performance tests.
- Available in two versions to meet a variety of workplace conditions, Roughneck caps are built to provide exceptional crack resistance and handle hard knocks in the toughest places.
- The P2A series tolerates heat up to 370° while delivering a long service life under many adverse conditions.
- The P2HN series is designed for high performance at extremely elevated temperatures up to 500° in these extreme environments, air circulating over the sweatband lowers the temperature inside the cap.

A woman wearing a white hard hat and a high-visibility yellow and orange safety vest is seen from the back, holding a clipboard. She is looking out over a construction site at sunset. The sky is filled with orange and yellow clouds. In the background, there are construction vehicles and structures. The overall mood is professional and industrious.

MSA
The Safety Company

Type 1 Hard Hats

Features:

- Safety hard hats and caps have patent-pending accessory mounts on front and back ensure optional Klein Headlamps attach securely and precisely, every time — no straps or zip ties needed!
- Breathable, padded sweat-wicking sweatband and top pad improve comfort and are machine washable.
- Unique suspension system features a flexible open frame design to provide optimal fit and improved air circulation.
- Easy, one-handed adjustment with large knob ratchet mechanism (even with gloves on), and soft neck pad pivots to clear bandana knots and pony tails.
- Universal accessory slots on both sides for attaching hearing protection, face shield, and more.
- Options available for Class E non-vented or Class C vented full brim hard hats and caps, including with/without alkaline headlamps or rechargeable headlamps.

GATORLYTE® RAPID REHYDRATION

Gatorlyte is the ideal choice for active lifestyles. Developed by Gatorade's sports scientists, it delivers rapid rehydration with a specialized blend of five electrolytes, lower sugar than the leading sports drinks, and no artificial sweeteners or flavors.

**SCIENTIFICALLY
FORMULATED
FOR RAPID
REHYDRATION**

SODIUM 490 MG
POTASSIUM 350 MG
CHLORIDE 1,040 MG
MAGNESIUM 105 MG
CALCIUM 120 MG

LOWER SUGAR

80% lower sugar than leading sports drink. Gatorlyte contains 13g total sugars per 20 fl oz serving. The leading sports drink contains 34g total sugars per 20 fl oz serving.

**NO ARTIFICIAL
SWEETENERS OR FLAVORS**

- 05282 Gatorlyte Powder sticks 20oz Orange 12/ct
- 05284 Gatorlyte Powder sticks 20oz Watermelon 8/6ct
- 05281 Gatorlyte Powder sticks 20oz Cherry Lime 8/ct
- 04790 Gatorlyte 20oz ready to drink Orange 12/ct
- 04791 Gatorlyte 20oz ready to drink Strawberry Kiwi 12/ct

2200 Series N95 Particulate Respirators

Features:

- For humid and/or dusty work environments, this is a mask that fits the bill.
- Dura-Mesh® shell stands up to extreme heat environments while providing better protection to the filter.
- Contoured face seal and molded nose bridge deliver enhanced comfort, particularly during extended periods of wear.

SKU

507-2200N95

2300 N95 2-Strap Particulate Respirators with Exhale Valve

Features:

- Exhale valve lets workers breathe easy and stay cool.
- Dura-Mesh® shell resists collapsing in heat and humidity.
- Molded nose bridge seals easily without a metal noseband.
- Facepiece is naturally contoured for less pressure.
- Straps are securely attached so they don't break at the seal.
- Softspun® lining for increased comfort and durability.
- Soft foam nose cushion for added comfort.
- Available in three sizes to fit more workers and increase OSHA compliance.

Size Group: Medium/Large

Suspension: 2-Strap

SKU

507-2300N95

2700 Series HandyStrap® N95 Particulate Respirators

Features:

- HandyStrap® allows mask to hang comfortably around neck when not in use.
- Exhalation valve.

Powered Air & Supplied Air System Parts & Accessories

3M™ Adflo™ Powered Air Purifying Respirator Battery 35-1099-07

Features:

- Battery life up to 12 hours.
- Charges to 80% capacity in approximately 3 hours and to 100% capacity in approximately 6.5 hours.

SKU	Used With	Type
711-35-1099-07	Adflo™ PAPRs	Lithium Ion Battery

3M™ Versaflo™ M-Series Flame Resistant Outer Shroud M-447

Features:

- Provides flame-resistant protection for the neck and shoulders.
- Lightweight and comfortable.
- Easily attaches to helmet and inner shroud.

SKU	Used With
142-M-447	Versaflo™ M-400 Helmets

Powered Air & Supplied Air Systems

3M™ Versaflo™ Respiratory Helmet Assembly M-407

Features:

- Simultaneous respiratory, head, eye, face, neck and shoulder protection.
- Deflector allows users to direct airflow inside helmet for increased control and comfort.
- Visor design combines excellent peripheral and downward vision with exceptional optical clarity.
- Helmet suitable for use with all 3M™ approved air delivery systems.

Size Group: U.S. 6-3/8 in to 8 in

SAFETY STORAGE

Safety Cans

Type 1 Safety Can With Funnel

Features:

- Durable safety cans are constructed of 24-gauge hot dipped galvanized steel.
- Made strong, with a double interlock no-weld bottom seam.
- Baked on powder coat finish for durability with a trilingual label for easy usage.
- Spring closing lid with neoprene gasket that vents at 5 psi internal pressure.
- Non-sparking flame arrestor and pour spout.

Dia.: 12-1/2 in

Height: 15-1/2 in

SKU	Capacity Vol.
258-UI50FSY	5 gal

Type I Safety Cans

Features:

- Electric seam weld joins top and body.
- Stainless steel flame arrestor.
- Sturdy 16 gauge shock rim for bottom support.

Dia.: 12-1/2 in

Height: 15-1/2 in

SKU	Capacity Vol.
258-UI50FS	5 gal

Type II AccuFlow™ Safety Cans

Features:

- Color coding avoids accidents.
- Stainless steel flame arrestor prevents flashback ignition.
- Easy-to-use Safe-Squeeze® trigger for controlled pouring.
- Two-openings, one for targeted pouring, one with ergonomically designed lift-lever for easy filling.

SPILL CONTROL SAFETY

Sorbent Kits

SPC Economy Portable Spill Kits

Features:

- Highly visible yellow PVC bag.
- Perfect for small spills.
- Right price, right size and the right value.

Absorption: 5 gal

Includes: (10) 15 in x 19 in Pads; (2) SOCs; 3 in x 4 ft; Nitrile Gloves; (1) Disposal Bag; Instruction Sheet

SKU	Width	Length
655-SKA-PP	16 in	20 in

Sorbents

3M™ Petroleum Sorbent Pad HP-156

Features:

- Extremely easy to apply, retrieve, and reuse, these pads are double the standard thickness and recommended for congested areas such as under docks, in shallow water, rocky shorelines, marshes, and beaches.
- Pads can also be used to wipe off oil-contaminated rocks, boats, and equipment.
- Like rolls, they are ideal for in-plant use in place of clay granules.
- Idea for small spills and wiping contaminated areas.
- Convenient size.
- Easy to apply, retrieve and reuse.

Absorption: 38.7 gal

SKU	Length	Width
498-HP-156	20 in	17 in

Oil-Only Sorbent Pads

Features:

- White absorbents pick up petroleum-based fluids, paints and non-water soluble chemicals while repelling water - great for indoor & outdoor use.
- Meltblown polypropylene absorbents feature economical, single-ply construction.
- Perforations provide cost control and reduce waste by allowing you to use only what you need.

SKU	Length	Width	Absorption
103-AB-BP0100	17 in	15 in	20.5 gal
103-AB-BP0500	17 in	15 in	17 gal

Universal Sorbent Pads

Features:

- Highly versatile, grey absorbents pick up water-based, petroleum-based and non-aggressive, chemical fluids.
- Meltblown polypropylene absorbents feature economical, single-ply construction.
- Perforations provide cost control and reduce waste by allowing you to use only what you need.

SKU	Length	Width	Absorption
103-AB-BPU100	17 in	15 in	20.5 gal
103-AB-BPU200	17 in	15 in	34 gal

Universal Sorbent Rolls

Features:

- Highly versatile, grey absorbents pick up water-based, petroleum-based and non-aggressive, chemical fluids.
- Heavy weight - specifically designed for continuous leaks and larger spills so you use less material.
- Meltblown polypropylene absorbents feature economical, single-ply construction.
- Perforations provide cost control and reduce waste by allowing you to use only what you need.

Absorption: 38 gal

SKU	Length	Width
103-AB-BRU120	150 ft	30 in

MRO Plus™ Absorbents

Features:

- MRO Plus® products are strong, durable and medium-linting, making them the perfect go-to products for nearly every industrial setting.
- Highly versatile, gray absorbents pick up water-based, petroleum-based and non-aggressive, chemical fluids.
- 3-ply Meltblown (MMM) Polypropylene dimpled construction is designed for general industrial applications.
- Perforations provide cost control and reduce waste by allowing you to use only what you need.
- Options available for heavy or medium weight, single/double (DP)/no perforations, and pads or rolls.

Absorption: 20.5 gal

SKU	Length	Width
655-MRO300	19 in	15 in

TRAFFIC SAFETY

Safety Coats & Jackets

5209U Class 3 High Visibility Safety Bomber Jackets

Features:

- This bomber jacket meets ANSI/ISEA Class 3 Type P & R requirements for those working in dangerous settings where visibility is the highest priority, including EMS, construction, and traffic control.
- Silver StarTech reflective tape provides high-visibility.
- Jacket is 100% waterproof, windproof, has a removable hood with conceal pouch, and inner detachable fleece liner.
- Its shell is made of premium PU-coated oxford polyester.
- Heavy duty coat can be worn as rain or snow work gear and has 2 large zipper pockets, a cell phone pocket, inside chest pocket, radiophone clip straps, a 2-way zipper, and elastic ribbed wrist cuffs and waist.
- Jacket comes in fluorescent Yellow with a Black bottom to conceal soiling.
- It offers superior visibility and safety on the job, and is available in men's sizes Small to 4XL.

SKU	Size Group
852-V1130460U-2XL	2X-Large

Safety Fences

Safety Fences

Features:

- Super high strength.
- Safe with no sharp edges.
- UV stabilized.
- Highly visible orange color.
- Easy to install, handle, or relocate.

SKU	Height	Length
101-ML-500	4 ft	100 ft
101-FEN1009	4 ft	100 ft

Safety Tapes

Economy Barrier Tape

Features:

- Sturdy safety tape.
- Repeat wording clearly identifies hazard.
- Bright colors and Bolder Print to attract attention.
- Durable, yet easily disposable.

Width: 3 in

Length: 1000 ft

SKU	Depicted Text	Color
101-R10003	Danger	Red
101-Y10003	Caution	Yellow

WELDING & CUTTING ACCESSORIES

Welding Blankets, Curtains, & Rolls

Acrylic Coated Fiberglass Light-Duty Welding Blankets

Features:

- Excellent abrasion and tear resistance.
- Provides light-duty protection from most welding sparks, spatter, and slag.
- 300° F working temperature.
- Choose from roll or blanket types.
- Blankets have grommets to allow easy hanging in vertical applications.

Material: 16 oz Fiberglass

SKU	Length	Width
138-36149	150 ft	5 ft

See-Thru Orange Welding Curtains

Features:

- Filters 100% of far/near UV radiation and blue light.
- Arc image dispersed throughout the curtain.
- Puts light back into welding booth.
- For low to high amperage.
- Made from 14 mil transparent vinyl material.
- Ready to hang.

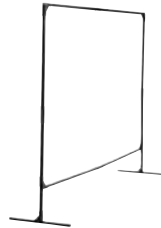

SKU	Length	Width
138-36307	8 ft	6 ft

Stur-D-Screen Frames

Features:

- Single-panel frame allows for a variety of configurations to fit multiple work environments.
- Square 19-gauge steel tubing, bolted corner clamps, and platform T legs reduce slipping and twisting off the unit.
- Black powder-coated enamel finish.
- Pre-drilled for caster installation.

SKU	Length	Width
138-36336	6 ft	6 ft
138-36338	8 ft	6 ft

Welding Curtain Hooks

Features:

- Welding Curtain Hooks make it easy to hang your choice of welding curtains on a portable frame.
- These versatile, heavy-duty hooks thread through welding curtain grommets and attach to the frame.

Material: Steel
